

We Care

ENVIRONMENTAL SUSTAINABILITY

Twin Valley

We care about the environment and want to take steps towards a healthier future for our communities.

Starting July 1st, all Twin Valley Co-op Stores will begin charging 5-cents per single-use plastic bag in an effort to reduce the number of plastic bags distributed annually.

We will donate the profit of every single-use plastic bag towards environmental projects in the communities that we serve.

Help us by making reusable bags a part of your shopping experience.

Choose reusable bags first.
