

Change Begins in Our Backyard

As a retailer of fuel, food, farm and building products, it's imperative that we recognize the importance of maintaining a healthy environment.

The success and health of our communities are mutually dependent. We are stewards of the environment, and want to align our business to support a regenerative economy.

**As of November 8, 2022
Twin Valley Co-op will
no longer supply a plastic
bag as an option for
packing your purchases.**

Please be sure to bring your reusable bag with you. Thank you.
